NQT's are afforded an opportunity to discuss a variety of scenarios that arise in the classroom and are encouraged to reflect on and discuss effective strategies. Use of video clips, reference to key websites for resources, are important elements of this workshop.

The second workshop will focus on the planning, organization and teaching of a reading lesson, using a variety of texts. The reference for this workshop will be LITERACY AND NUMERACY FOR LEARNING AND LIFE: The National Strategy to Improve Literacy and Numeracy among Children and Young People 2011 – 2020.

Gaeilge sa Seomra Ranga: Straitéisí praiticiúla a chur i bhfeidhm – cad is dea-chleachtas ann?

Is é príomhchuspóir na ceardlainne seo ná deiseanna a thabhairt do na rannpháirtithe a bheith ag obair i ngrúpaí. Cuirfear béim ar úsáid na teanga agus ar struchtúr an cheachta sa Ghaeilge, an cur chuige cumarsáide, acmhainní, measúnú agus araile. Beidh deis ag na rannpháirtithe freisin plé le cásanna difriúla ó thaobh mhúineadh na Gaeilge.

Behaviour Management: What is good Practice?

This workshop builds on the Classroom Management workshop held in Term one. It will aim to give NQTs an understanding of, and strategies and skills to manage, individual and group behaviour, in a positive and proactive manner. The NEPs Guidelines Behavioural, Emotional and Social Difficulties: A Continuum of Support is used as a key reference for this workshop. Relevant case studies will be examined and participants own concerns will also be addressed.

Inclusion: Meeting the diverse needs in the classroom – What is effective practice?

This workshop will be interactive and will focus on the classroom environment and classroom planning to support inclusion. It will explore practical ideas for teaching EAL and will also identify approaches and methodologies which are particularly suitable for intercultural education. The IILT Diversity Toolkit will be a key reference for this workshop. Emphasis will also be placed on working with children with special educational needs.

Numeracy: Developing good practice in mathematics teaching - How?

The final workshop will focus on the principles of good practice in mathematics teaching. A key emphasis will be placed on the development of higher-order thinking skills and the potential of ICT to broaden pupils' experience and understanding in the area of numeracy.
