

Something Fishy

Mayo Education Centre in conjunction with the North Western Regional Fisheries Board (NWRFB) are inviting primary schools to participate in a wonderful educational project.

There are limited spaces available. The first 12 schools to apply will receive information packs, a school visit from a member of the NWRFB. There will also be a visit to a water sight for the participating students to study it's inhabitants (weather permitting). A project based on the information gathered will be put together by students and entered into a National competition.

Schools must register before **Friday 2nd October**

An information evening will be held here in the Mayo Education Centre the following week.

This Project is suitable for 5th & 6th Classes

**To register or for more information
contact**
